

Community Members Inspiring the World

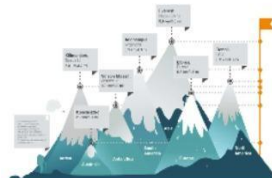

The region celebrates the remarkable achievement of Hedayet Ali, who completed expeditions to the highest peaks on all seven continents, including Mount Everest and Denali (North America). His accomplishment serves as an inspiration to the Assamese community worldwide and reflects the spirit of perseverance and excellence represented within our region.

This year also marked the return of Shreya Pujari, who successfully completed her Fulbright-Nehru Research Fellowship in Assam. During her fellowship, she conducted research documenting the musical traditions of Indigenous communities, helping preserve and share Assam's rich tribal musical heritage
